WASHINGTON, D.C.

October 16, 1960

Dear Paul Wooton:

Thanks for sending me the advance copy of
A. M. Sullivan's excellent editorial for the November
15 issue of Dun's Review.

As you know, I have been calling for just
these things in all these many busy weeks of travel
across America.

Surely the new President, whoever he may be,
must take action along these lines.

The final paragraph, "Leadership means
leading -- not following the trail of a friend or
adversary..." is the summing up of our critical re-
sponsibility in the challenging days that lie immedi-
ately ahead.

My only regret is that the editorial will be
published after, not before, November 8.

Sincerely,

JOHN F. KENNEDY
